SUMMARY

Frontend Developer with experience in building responsive web applications using React.js, JavaScript, Tailwind CSS, and REST APIs. Skilled in developing scalable user interfaces, integrating APIs, and creating performance-optimized web applications. Passionate about building clean, user-friendly, and modern digital experiences.

SKILLS

- React.js • JavaScript • HTML5 • CSS3 • Tailwind CSS • Flutter • React Router • REST APIs
- Socket.io • Git/GitHub • Responsive Design

WORK EXPERIENCE

Frontend Developer, Viralstan

Jan 2026 - Present

- Developed responsive web applications using React.js, Tailwind CSS, and REST APIs.
- Built SEO-friendly pages and reusable components to improve performance and user experience.
- Collaborated with teams to deliver scalable features, API integrations, and production-ready solutions.

Flutter Developer, SwasthMind

Jan 2024 - Sept2024

- Developed cross-platform mobile applications using Flutter and Dart, ensuring responsive and user-friendly interfaces.
 - Integrated REST APIs, implemented state management, and optimized app performance for seamless user experiences across Android and iOS devices.
-

PROJECT

Chat-App

- Built a real-time chat application using React.js, Node.js, MongoDB, and Socket.io, enabling instant messaging with low-latency communication.
- Implemented secure user authentication, real-time message synchronization, and MongoDB-based data storage for efficient chat management.

E-Commerce

- Built a responsive e-commerce frontend using React.js, Tailwind CSS, and React Router.
- Developed reusable components and seamless client-side navigation.
- Implemented product listing, category filtering, and responsive layouts for an enhanced shopping experience.

EDUCATION

Rajasthan Technical University – Kota, BTech (Computer science)- 2020 – 2024
